

SteriTouch Matt & Silk

PRODUCT DATA

Description

SteriTouch Matt & Silk are superior water-based decorative emulsions containing built in antimicrobial properties offering excellent protection against bacteria, biofilm, fungi and mould. This product is classed as an antiseptic paint and has been developed to provide long-term protection. SteriTouch products are designed to stop contamination and discoloration from unwanted microbial spores. SteriTouch is economic and easy to apply, providing a long lasting durable finish. Independent testing has been conducted using the ISO 22196/ JIS Z 2801:2000 test method.

Sealing/Primer

On new plaster a sealant coat is recommended, this can be achieved by thinning the paint by 10% with water.

Area of use

Internal walls and ceilings

Substrates

Masonry, plaster and timber based surfaces

Packing

5 litres

Physical Constants

Colours:	White (special order pastel colours)
Finish:	Matt & Silk
Volume solids:	48%
Theoretical spreading rate:	12 sq. metres per litre
Flash point:	N/A
Specific gravity:	1.25 - 1.4
Dry to touch:	2 hours (20°C)
Overcoating time:	4 hours

**The theoretical spreading rate has been calculated for the stated volume solids and dry film thickness. A practical spreading rate will depend on the actual dry film thickness, the nature of the substrate, and the relevant consumption factor. The physical constants are subject to normal manufacturing tolerances.*

Application Details

Application method:	Brush or roller
Thinner:	Water
Cleaning of tools:	Water

Surface condition

The surface should be stable, firm, dry and free of dust sand, loose old paint, dirt, grease and oil. It is recommended to apply a primer prior to the specified filling procedure. Touch-up with primer on areas repaired with filler is recommended prior to application of topcoats.

*Please refer to the Material Safety Data Sheet for further information.
For additional guidance please contact your local Technical Sales Representative.
Please check colour before use. If using multiple cans please check batch numbers are the same.*

SAFETY: Handle with care. Before and during use, observe all safety labels on packaging and paint containers, consult Material Safety Data Sheets and follow all local or national safety regulations.
